

Too much general waste to fit in your bin?

Buy an EXTRA Bag Tag

How to use the EXTRA Bag Tag:

Put your general waste in a clear plastic bag and tie it securely.

Attach the EXTRA Bag Tag around the knot so it's clearly visible to the waste collector.

Place the bag next to your waste bin on your next collection day.

The waste collector will collect the bag on your next collection day.

DKK 30 per EXTRA Bag Tag

The old pink tag for extra general waste is still valid.
